ORIENTATION

How to study this volume

PURPOSE

Practice choosing moves through complete games, with prediction pauses, engine comparisons, and reusable opening-to-middlegame plans.

THE TRAINING LOOP

- First identify Black's defense from pawn placement and move order.
- At every diagram, name the center, the urgent threat, and two candidate moves.
- Hide the recall answer until you have spoken the move and its purpose.
- Replay each line from both sides in Fritz or another board program.
- Review misses after 1, 3, 7, 14, 30, and 60 days.
-

WHAT COMPLETE MEANS HERE

This volume contains 12 units inside a connected White repertoire. It covers the main structural and move-order decisions you need for practical play; the PGN companion makes later updating possible.

STRATEGIC FOUNDATION

Principles 1-3

PRINCIPLE 1

Model games connect opening moves to later plans.

PRINCIPLE 2

Prediction turns examples into active training.

PRINCIPLE 3

The opponent's best reply matters more than a cooperative line.

VERIFICATION QUESTION

What would have to be true for one of these principles to be wrong in the current position? Check forcing moves before applying a strategic rule.

STRATEGIC FOUNDATION

Principles 4-6

PRINCIPLE 4

Mark the first move you no longer understood.

PRINCIPLE 5

Extract one plan and one tactical warning from each game.

PRINCIPLE 6

Replay important games from both sides.

VERIFICATION QUESTION

What would have to be true for one of these principles to be wrong in the current position? Check forcing moves before applying a strategic rule.

COMPARE DECISIONS, NOT JUST MOVES

The game move is one strong practical choice. Compare it with the engine line and ask whether both moves serve the same plan. If your move was sound but different, note the structural idea that justified it.

VOLUME REVIEW

Make the repertoire usable

REVIEW TASK 1

Reconstruct every branch from the first move without looking.

REVIEW TASK 2

For each branch, explain one Black plan and one White plan.

REVIEW TASK 3

Shuffle the recall positions so the chapter title cannot reveal the answer.

REVIEW TASK 4

Play each starting position against Fritz from both sides.

REVIEW TASK 5

Add mistakes from your own games to the PGN as new training positions.

REVIEW TASK 6

Retest the weakest three branches after 1, 3, 7, 14, 30, and 60 days.

GRADUATION STANDARD

Score at least 80 percent twice, one week apart, and explain every move in plain language. Then maintain the volume through your own games instead of rereading it continuously.
