

FLANK AND IRREGULAR OPENINGS

Réti Opening

ECO A09 | 9 named lines in this code

Featured opening position - gold marks the last move

IS IT A GOOD OPENING?

Good and fully playable. The position remains within a normal opening balance for both sides.

ENGINE SNAPSHOT

+0.06 for White. A shallow opening score is a guide, not a forced result.

GAME CHARACTER

Principled and instructive: development and central breaks lead naturally into the middlegame.

WHAT THIS OPENING IS

A09 covers Réti Opening. White delays a full central commitment, keeping move-order flexibility while testing how Black occupies the center. The diagram uses the featured line Réti Opening.

DEFINING ROUTE

1. Nf3 d5 2. c4

UNDERSTAND THE POSITION

What both sides are trying to achieve

WHITE'S GOALS

Develop without drifting, influence d5 and e5 from the flank, and strike the center once Black's setup is clear.

BLACK'S GOALS

Take useful central space, develop quickly, and avoid pushing so many pawns that the center becomes a target.

PAWN BREAKS - THE ENGINE OF THE OPENING

Typical levers are c4, d4, e4, or f4 for White; Black often answers with ...d5 or ...e5.

PIECE MAP

Knights usually belong near the center. A fianchettoed bishop is powerful only when its diagonal is kept open. The central pawn placement should decide where each bishop and knight belongs.

WHAT USUALLY GOES WRONG

The main danger is treating flexibility as permission to waste tempi. Rare first moves still require sound development. Recheck the center after every opponent deviation; opening names do not make moves automatic.

POSITION SNAPSHOT

Black moves next. Material is level. Central markers: White pawn on c4, Black pawn on d5.

WHO SHOULD STUDY IT?

Good for curious players who enjoy flexible positions; uncommon branches are best used as supplements, not as a substitute for fundamentals.

COMPLETE CODE CONTENTS

Every named A09 line

This section preserves all 9 names and defining routes assigned to A09 in the source catalogue. Different move orders can reach the same position; learn the structures and goals before memorizing labels.
