

ENGLISH OPENING

Réti Opening

ECO A12 | 21 named lines in this code

Featured opening position - gold marks the last move

IS IT A GOOD OPENING?

Good and fully playable. The position remains within a normal opening balance for both sides.

ENGINE SNAPSHOT

+0.16 for White. A shallow opening score is a guide, not a forced result.

GAME CHARACTER

Strategic and flexible: small move-order choices decide which pawn structure appears.

WHAT THIS OPENING IS

A12 covers Réti Opening. White attacks the center with c4 and often creates a reversed Sicilian, Hedgehog, or queenside pressure game. The diagram uses the featured line Réti Opening: Anglo-Slav Variation.

DEFINING ROUTE

1. c4 Nf6 2. g3 c6 3. Nf3 d5 4. b3

UNDERSTAND THE POSITION

What both sides are trying to achieve

WHITE'S GOALS

Control d5, develop the g2 bishop when appropriate, and choose between d4, e4, or a queenside expansion.

BLACK'S GOALS

Build a stable central claim with ...e5 or ...d5, challenge c4, and watch White's long diagonal and queenside space.

PAWN BREAKS - THE ENGINE OF THE OPENING

White's main breaks are d4, b4, and sometimes f4; Black commonly seeks ...d5, ...b5, or ...f5.

PIECE MAP

The g2 bishop, c-file rooks, and knights on c3/f3 usually coordinate around d5. Black needs active central counterplay. The central pawn placement should decide where each bishop and knight belongs.

WHAT USUALLY GOES WRONG

A slow maneuver can be punished if the opponent achieves a clean central break first. Recheck the center after every opponent deviation; opening names do not make moves automatic.

POSITION SNAPSHOT

Black moves next. Material is level. Central markers: White pawn on c4, Black pawn on c6, Black pawn on d5.

WHO SHOULD STUDY IT?

Excellent for players who like strategic maneuvering and transpositions, but it rewards understanding more than rote memorization.

COMPLETE CODE CONTENTS

Every named A12 line
