

BENONI, BENKO, AND INDIAN STRUCTURES

Benko Gambit Accepted

ECO A58 | 5 named lines in this code

Featured opening position - gold marks the last move

IS IT A GOOD OPENING?

Playable, but White has a meaningful objective edge. Black needs accurate counterplay.

ENGINE SNAPSHOT

+0.75 for White. A shallow opening score is a guide, not a forced result.

GAME CHARACTER

Sharp and concrete: initiative, development, and king safety outweigh routine positional rules.

WHAT THIS OPENING IS

A58 covers Benko Gambit Accepted. The center becomes asymmetric: White often owns space, while Black seeks dynamic files, diagonals, and pawn breaks. The diagram uses the featured line Benko Gambit Accepted: Fully Accepted Variation.

DEFINING ROUTE

1. d4 Nf6 2. c4 c5 3. d5 b5 4. cxb5 a6 5. bxa6

UNDERSTAND THE POSITION

What both sides are trying to achieve

WHITE'S GOALS

Use the space advantage, finish development, support e4, and prepare a central or queenside expansion without overextending.

BLACK'S GOALS

Attack the pawn center with ...e6, ...c5, or ...b5, activate the dark-squared bishop, and create counterplay before White consolidates.

PAWN BREAKS - THE ENGINE OF THE OPENING

White commonly uses e5 or b4; Black's thematic resources include ...e6, ...b5, and sometimes ...f5.

PIECE MAP

White's central pawns need piece support. Black's bishops and rooks become strong when files open on the queenside. The material imbalance means development and compensation must be calculated, not assumed.

WHAT USUALLY GOES WRONG

Space is valuable but can become a target. A premature pawn advance may leave weak squares behind it. Do not judge the gambit only by the pawn count; compare king safety, tempi, and open lines. a gambit is a tactical contract: the sacrificed material must buy concrete time, lines, or targets.

POSITION SNAPSHOT

Black moves next. White is ahead by about 2 pawn units. Central markers: Black pawn on c5, White pawn on d5.

WHO SHOULD STUDY IT?

Good for ambitious players: strategically rich and fully playable, but many lines require comfort with imbalance.

COMPLETE CODE CONTENTS

Every named A58 line

This section preserves all 5 names and defining routes assigned to A58 in the source catalogue. Different move orders can reach the same position; learn the structures and goals before memorizing labels.
