

SICILIAN DEFENSE

Sicilian Defense

ECO B34 | 2 named lines in this code

Featured opening position - gold marks the last move

IS IT A GOOD OPENING?

Good and fully playable. The position remains within a normal opening balance for both sides.

ENGINE SNAPSHOT

+0.19 for White. A shallow opening score is a guide, not a forced result.

GAME CHARACTER

Sharp and concrete: initiative, development, and king safety outweigh routine positional rules.

WHAT THIS OPENING IS

B34 covers Sicilian Defense. Black answers 1.e4 with ...c5, creating an asymmetrical center and immediate long-term counterplay. The diagram uses the featured line Sicilian Defense: Accelerated Dragon, Exchange Variation.

DEFINING ROUTE

1. e4 c5 2. Nf3 Nc6 3. d4 cxd4 4. Nxd4 g6 5. Nxc6

UNDERSTAND THE POSITION

What both sides are trying to achieve

WHITE'S GOALS

Develop rapidly, use d4 when appropriate, exploit central space, and decide whether play belongs on the kingside or in the center.

BLACK'S GOALS

Use the half-open c-file, pressure the center, prepare ...d5 or ...e5, and generate queenside or central counterplay.

PAWN BREAKS - THE ENGINE OF THE OPENING

...d5 is often Black's equalizing break. White commonly uses e5, f4-f5, or a central sacrifice to open lines.

PIECE MAP

The c-file, d5 square, and development race are central. In opposite-side castling, every tempo matters. The material imbalance means development and compensation must be calculated, not assumed.

WHAT USUALLY GOES WRONG

Memorized attacks fail when the center or castling pattern differs by one move. Recalculate before launching pawns. Do not judge the gambit only by the pawn count; compare king safety, tempi, and open lines.

POSITION SNAPSHOT

Black moves next. White is ahead by about 3 pawn units. Central markers: White pawn on e4.

WHO SHOULD STUDY IT?

A first-rate fighting defense with enormous depth. It is excellent, but specialized variations can be theory-heavy.

COMPLETE CODE CONTENTS

Every named B34 line

This section preserves all 2 names and defining routes assigned to B34 in the source catalogue. Different move orders can reach the same position; learn the structures and goals before memorizing labels.
