

## OPEN GAMES AFTER 1.E4 E5

# King's Gambit Accepted

ECO C38 | 6 named lines in this code

Featured opening position - gold marks the last move

## IS IT A GOOD OPENING?

Playable, but White has already conceded the easier game and must know the compensation or plan.

## ENGINE SNAPSHOT

-0.44 for White. A shallow opening score is a guide, not a forced result.

## GAME CHARACTER

Sharp and concrete: initiative, development, and king safety outweigh routine positional rules.

## WHAT THIS OPENING IS

C38 covers King's Gambit Accepted. Both sides contest the center directly, so development, king safety, and tactical accuracy become visible very early. The diagram uses the featured line King's Gambit Accepted: Traditional Variation.

## DEFINING ROUTE

1. e4 e5 2. f4 exf4 3. Nf3 g5 4. Bc4 Bg7

## UNDERSTAND THE POSITION

# What both sides are trying to achieve

**WHITE'S GOALS**

Develop with threats, prepare d4 under favorable conditions, castle, and use any lead in development before it disappears.

**BLACK'S GOALS**

Neutralize pressure on e5, complete development, and use ...d5 when it solves the center in one move.

**PAWN BREAKS - THE ENGINE OF THE OPENING**

White's d4 and Black's ...d5 are the central freeing breaks. The f7 and f2 squares demand tactical attention.

**PIECE MAP**

Knights normally reach f3/c3 and f6/c6 quickly; bishops choose active diagonals according to the central tension. Black's g7 bishop is aimed at the center and queenside. the material imbalance means development and compensation must be calculated, not assumed.

**WHAT USUALLY GOES WRONG**

Pawn grabbing and early queen moves are especially dangerous when the center can open with tempo. Do not judge the gambit only by the pawn count; compare king safety, tempi, and open lines. a gambit is a tactical contract: the sacrificed material must buy concrete time, lines, or targets.

**POSITION SNAPSHOT**

White moves next. Black is ahead by about 1 pawn unit. Central markers: White pawn on e4, Black pawn on f4.

**WHO SHOULD STUDY IT?**

Among the best openings for learning classical chess because strategic principles and tactics reinforce each other.

## COMPLETE CODE CONTENTS

# Every named C38 line

This section preserves all 6 names and defining routes assigned to C38 in the source catalogue. Different move orders can reach the same position; learn the structures and goals before memorizing labels.
