

QUEEN'S PAWN SYSTEMS

Queen's Pawn Game

ECO D04 | 3 named lines in this code

Featured opening position - gold marks the last move

IS IT A GOOD OPENING?

Good and fully playable. The position remains within a normal opening balance for both sides.

ENGINE SNAPSHOT

+0.15 for White. A shallow opening score is a guide, not a forced result.

GAME CHARACTER

Principled and instructive: development and central breaks lead naturally into the middlegame.

WHAT THIS OPENING IS

D04 covers Queen's Pawn Game. White establishes d4 and may choose a system development or an early gambit before the structure is fixed. The diagram uses the featured line Queen's Pawn Game: Colle System.

DEFINING ROUTE

1. d4 d5 2. Nf3 Nf6 3. e3

UNDERSTAND THE POSITION

What both sides are trying to achieve

WHITE'S GOALS

Support the center, develop the c1 bishop intelligently, and choose c4 or e4 as the main challenge.

BLACK'S GOALS

Attack d4 with ...c5 or ...e5, develop outside the pawn chain when possible, and avoid a passive mirror setup.

PAWN BREAKS - THE ENGINE OF THE OPENING

c4/c5 and e4/e5 are the central levers; wing play should support one of them.

PIECE MAP

The c1 and c8 bishops reveal whether each side's structure is healthy. Knights contest e4 and e5. The central pawn placement should decide where each bishop and knight belongs.

WHAT USUALLY GOES WRONG

A familiar setup is not an excuse to ignore the opponent's move order or a sudden central break. Recheck the center after every opponent deviation; opening names do not make moves automatic.

POSITION SNAPSHOT

Black moves next. Material is level. Central markers: White pawn on d4, Black pawn on d5, White pawn on e3.

WHO SHOULD STUDY IT?

Good practical territory for building a consistent repertoire; gambit branches should be checked concretely.

COMPLETE CODE CONTENTS

Every named D04 line

This section preserves all 3 names and defining routes assigned to D04 in the source catalogue. Different move orders can reach the same position; learn the structures and goals before memorizing labels.
