

GRUNFELD DEFENSE

Grünfeld Defense

ECO D98 | 2 named lines in this code

Featured opening position - gold marks the last move

IS IT A GOOD OPENING?

Playable, but White has a meaningful objective edge. Black needs accurate counterplay.

ENGINE SNAPSHOT

+0.72 for White. A shallow opening score is a guide, not a forced result.

GAME CHARACTER

Unbalanced and ambitious: both sides usually receive active plans and real winning chances.

WHAT THIS OPENING IS

D98 covers Grünfeld Defense. Black allows a broad White center, then attacks it with pieces and pawn breaks from a distance. The diagram uses the featured line Grünfeld Defense: Russian Variation, Smyslov Variation.

DEFINING ROUTE

1. d4 Nf6 2. c4 g6 3. Nc3 d5 4. Nf3 Bg7 5. Qb3 dxc4 6. Qxc4 O-O 7. e4 Bg4

UNDERSTAND THE POSITION

What both sides are trying to achieve

WHITE'S GOALS

Support the center with pieces, convert space into activity, and be ready to advance or return pawns to preserve coordination.

BLACK'S GOALS

Pressure d4, use the g7 bishop and c-file, and arrange ...c5 or ...e5 before White consolidates.

PAWN BREAKS - THE ENGINE OF THE OPENING

...c5 is the primary challenge and ...e5 is the alternative; White may advance d5 or use e5 under the right conditions.

PIECE MAP

The g7 bishop and pressure on d4 define Black's play. White's center is strong only while the pieces defend it. Black's g7 bishop is aimed at the center and queenside.

WHAT USUALLY GOES WRONG

Material gain in the center can be temporary if development and diagonal pressure are ignored. Recheck the center after every opponent deviation; opening names do not make moves automatic.

POSITION SNAPSHOT

White moves next. Material is level. Central markers: White pawn on d4, White pawn on e4.

WHO SHOULD STUDY IT?

A world-class, highly dynamic defense; excellent for players willing to learn concrete theory.

COMPLETE CODE CONTENTS

Every named D98 line

This section preserves all 2 names and defining routes assigned to D98 in the source catalogue. Different move orders can reach the same position; learn the structures and goals before memorizing labels.
