

QUEEN'S INDIAN AND BOGO-INDIAN STRUCTURES

Queen's Indian Defense

ECO E17 | 8 named lines in this code

Featured opening position - gold marks the last move

IS IT A GOOD OPENING?

Good and fully playable. The position remains within a normal opening balance for both sides.

ENGINE SNAPSHOT

+0.31 for White. A shallow opening score is a guide, not a forced result.

GAME CHARACTER

Strategic and flexible: small move-order choices decide which pawn structure appears.

WHAT THIS OPENING IS

E17 covers Queen's Indian Defense. Black restrains e4 and develops flexibly, often using ...b6, ...Bb7, or an early bishop check. The diagram uses the featured line Queen's Indian Defense: Traditional Variation.

DEFINING ROUTE

1. d4 Nf6 2. c4 e6 3. Nf3 b6 4. g3 Bb7 5. Bg2 Be7

UNDERSTAND THE POSITION

What both sides are trying to achieve

WHITE'S GOALS

Secure central space, neutralize pressure on e4, and use the bishops and queenside pawns to gain useful territory.

BLACK'S GOALS

Control e4, complete development, and challenge d4/c4 with ...c5 or ...d5 at the right moment.

PAWN BREAKS - THE ENGINE OF THE OPENING

...c5 and ...d5 are Black's main breaks; White may use d5 or e4 once adequately prepared.

PIECE MAP

The b7 bishop, e4 square, and choice of bishop exchanges shape the middlegame. White's g2 bishop makes the long diagonal a strategic asset. black's b7 bishop contests the center from a distance.

WHAT USUALLY GOES WRONG

Quiet development can hide a loss of control over e4 or a weak queenside square. Recheck the center after every opponent deviation; opening names do not make moves automatic.

POSITION SNAPSHOT

White moves next. Material is level. Central markers: White pawn on c4, White pawn on d4, Black pawn on e6.

WHO SHOULD STUDY IT?

A sound, sophisticated defense ideal for players who value flexibility and positional counterplay.

COMPLETE CODE CONTENTS

Every named E17 line

This section preserves all 8 names and defining routes assigned to E17 in the source catalogue. Different move orders can reach the same position; learn the structures and goals before memorizing labels.
