ORIENTATION

How to study this volume

PURPOSE

Play White's extra tempo against Black's kingside fianchetto without drifting into empty symmetry.

THE WHITE HIPPO TRAINING LOOP

- Identify Black's center, both kings, and Black's most forcing pawn break.
- At every diagram compare e4, d4, c4, and f4 before choosing another setup move.
- Hide the answer until you have spoken the move, purpose, and Black's best reply.
- Replay each branch from both sides in Fritz or another board program.
- Review misses after 1, 3, 7, 14, 30, and 60 days.
-

WHAT COMPLETE MEANS HERE

This volume contains 8 units inside a connected 1.g3 repertoire. It teaches setup, exceptions, transformation, and resulting plans; the companion PGNs make later updating possible.

STRATEGIC FOUNDATION

Principles 1-3

PRINCIPLE 1

In mirrored fianchettoes, the first meaningful center break defines the game.

PRINCIPLE 2

e4 can transpose to a Pirc or King's Indian Attack structure.

PRINCIPLE 3

c4 and d4 claim queenside space while keeping the king safe.

VERIFICATION QUESTION

What would have to be true for one of these principles to be wrong in the current position? Check forcing moves before applying a strategic rule.

STRATEGIC FOUNDATION

Principles 4-6

PRINCIPLE 4

Black's f5 attack is real even when both sides look undeveloped.

PRINCIPLE 5

Ne2 keeps f4 available; Nf3 gives faster central control.

PRINCIPLE 6

Symmetry should be broken for a reason, not merely to avoid a draw.

VERIFICATION QUESTION

What would have to be true for one of these principles to be wrong in the current position? Check forcing moves before applying a strategic rule.

REPERTOIRE MAP

Branches 1-8

- | | | |
|-----------|------------------------------------|--|
| 01 | Mirrored fianchetto with e4 | Break symmetry with a center claim, not a random pawn move. |
|
 | | |
| 02 | Mirrored fianchetto with c4 | c4 is useful when d5 is the strategic square. |
|
 | | |
| 03 | Mirrored fianchetto with d4 | d4 asks the e5 pawn to define the game. |
|
 | | |
| 04 | King's Indian with Black c5 | Against c5, c4 can establish a useful bind if development supports it. |
|
 | | |
| 05 | King's Indian with Black e5 | When both sides choose e5-e4, king safety and f-pawn timing decide. |
|
 | | |
| 06 | Black prepares f5 with Nh5 | When Nh5 announces f5, complete the center before queenside moves. |
|
 | | |
| 07 | Modern move order | The missing Nf6 gives Black f-pawn freedom; move with purpose. |
|
 | | |
| 08 | Pirc move order | Against d6-g6, e4 claims the center without overextending. |

NAVIGATION RULE

Identify the pawn structure first, then confirm the move order. A familiar position reached by a different sequence should trigger the same plan.

ANSWER SECTION

Recall solutions begin here

PROTECT THE TRAINING EFFECT

Do not read a solution until you have committed to a move and purpose. A matching move without the correct reason earns partial credit. If the course move is not the engine's first choice, compare plans rather than treating the engine as a memorization oracle.

ERROR LABELS

M = move-order memory | T = tactical oversight | P = plan misunderstanding | V = visualization | C = calculation | R = rushed recognition

REPAIR RULE

Every miss must produce a question you can use in future games. Example: 'When Black supports d5 with c6, which pawn break or recovery method does my repertoire use?'

VOLUME REVIEW

Make the repertoire usable

REVIEW TASK 1

Reconstruct every branch from the first move without looking.

REVIEW TASK 2

For each branch, explain one Black plan and one White plan.

REVIEW TASK 3

Shuffle the recall positions so the chapter title cannot reveal the answer.

REVIEW TASK 4

Play each starting position against Fritz from both sides.

REVIEW TASK 5

Add mistakes from your own games to the PGN as new training positions.

REVIEW TASK 6

Retest the weakest three branches after 1, 3, 7, 14, 30, and 60 days.

GRADUATION STANDARD

Score at least 80 percent twice, one week apart, and explain every move in plain language. Then maintain the volume through your own games instead of rereading it continuously.
