Tournament Craft and Self-Coaching

Integrate preparation, play, recovery, and long-term growth

INSIDE THIS VOLUME

50

coaching lessons

10

five-part modules

66

phone-friendly pages

Original teaching synthesis: practical advice, logical reasons, limits, board questions, and drills.

THE COACH-IN-YOUR-EAR METHOD

Advice becomes strength only when you can retrieve and apply it.

1. LEARN THE CAUSAL CHAIN

Read the instruction, then explain why it should work. If you cannot connect board feature to move and consequence, you have memorized a slogan rather than learned a tool.

2. USE ALL FIVE LESSONS

Each module separates the core rule, recognition cues, an over-the-board routine, limits and exceptions, and a training habit. Study the set as one skill.

3. RETRIEVE FROM A POSITION

Hide the page, set up a board, and answer the board question before choosing a move. Recognition under uncertainty is the bridge from reading to playing.

4. VERIFY CONCRETE CHESS

Advice organizes attention; it never overrules legality, tactics, or exact calculation. Test the opponent's strongest forcing reply before acting.

5. SPACE THE REVIEWS

Review the module after 1, 3, 7, 14, and 30 days. Mark it learned only when you can state the idea, its boundary, and a real game example without looking.

These are original synthesized lessons, not quotations attributed to any particular grandmaster. The course distills widely established chess reasoning into a practical curriculum.

MODULES 1-5

Volume roadmap

MODULE 01 | ADVICE 0951-0955 | PAGE 5

Prepare Broadly Before Preparing Deeply

Cover likely structures and main deviations before investing in a narrow forcing line.

MODULE 02 | ADVICE 0956-0960 | PAGE 11

Use an Opening Warm-Up, Not a Cram

Retrieve key positions and plans briefly before play, then stop.

MODULE 03 | ADVICE 0961-0965 | PAGE 17

Create a Pre-Move Routine

Use the same threat, candidate, calculation, evaluation, and verification sequence in every serious game.

MODULE 04 | ADVICE 0966-0970 | PAGE 23

Manage Energy Between Rounds

Eat, hydrate, move, and rest in ways that preserve concentration.

MODULE 05 | ADVICE 0971-0975 | PAGE 29

Choose Risk by Position and Event

Adjust practical risk to score needs only among moves that remain chessically defensible.

The searchable [MASTER_ADVICE_INDEX.csv](#) and [MASTER_ADVICE_INDEX.html](#) list every individual lesson across all twenty volumes.

MODULES 6-10

Volume roadmap

MODULE 06 | ADVICE 0976-0980 | PAGE 35

Build a Personal Opening File

Keep only key positions, explanations, model games, and repairs from your own experience.

MODULE 07 | ADVICE 0981-0985 | PAGE 41

Use Questions as an Inner Coach

Carry a compact set of prompts for threats, candidates, worst piece, breaks, and endpoint evaluation.

MODULE 08 | ADVICE 0986-0990 | PAGE 47

Study Your Best Games Too

Identify strengths, reliable structures, and decisions you made well.

MODULE 09 | ADVICE 0991-0995 | PAGE 53

Update Goals from Evidence

Change the training plan when game data shows a different bottleneck or genuine progress.

MODULE 10 | ADVICE 0996-1000 | PAGE 59

Think in Years, Train Today

Hold long-term ambitions while defining one concrete task for the current session.

The searchable MASTER_ADVICE_INDEX.csv and MASTER_ADVICE_INDEX.html list every individual lesson across all twenty volumes.

FIVE-PART MODULE | ADVICE 0951-0955

Prepare Broadly Before Preparing Deeply

CORE INSTRUCTION

Cover likely structures and main deviations before investing in a narrow forcing line.

WHY IT WORKS

Robust preparation survives surprises and yields more usable positions.

RECOGNITION CUES

Use before events and unknown opponents.

BOUNDARY

A known specialist may justify targeted depth.

NEXT: five separate lessons turn this idea into an over-the-board habit.

ADVICE 0951 | MODULE 01 OF 10 | CORE ADVICE

Prepare Broadly Before Preparing Deeply - The Rule

COACH'S INSTRUCTION

Cover likely structures and main deviations before investing in a narrow forcing line.

WHY IT IS LOGICALLY TRUE

Robust preparation survives surprises and yields more usable positions.

USE IT WHEN

Use before events and unknown opponents.

BOUNDARY / FAILURE MODE

A known specialist may justify targeted depth.

QUESTION AT THE BOARD

What preparation remains useful after an early deviation?

PRACTICAL DRILL

Build a one-page structure map before adding concrete branches.

MEMORY HOOK | Name the reason before trusting the rule.

ADVICE 0952 | MODULE 01 OF 10 | RECOGNITION

Prepare Broadly Before Preparing Deeply - How to Notice It

COACH'S INSTRUCTION

Look for this trigger cluster before choosing a move: Use before events and unknown opponents.

WHY IT IS LOGICALLY TRUE

Robust preparation survives surprises and yields more usable positions. Recognition is the gateway: advice noticed only after the game cannot guide the decision.

USE IT WHEN

Run the cue scan after the opponent's move and again when your evaluation changes or no candidate feels convincing.

BOUNDARY / FAILURE MODE

A cue starts an investigation; it does not prove a move. A known specialist may justify targeted depth.

QUESTION AT THE BOARD

What preparation remains useful after an early deviation?

PRACTICAL DRILL

Recognition drill: Build a one-page structure map before adding concrete branches. Name the cue before calculating the answer.

MEMORY HOOK | Cue first; candidate second; proof last.

ADVICE 0953 | MODULE 01 OF 10 | BOARD USE

Prepare Broadly Before Preparing Deeply - Use It at the Board

COACH'S INSTRUCTION

Use a three-step board routine: ask 'What preparation remains useful after an early deviation?' Generate two serious candidates, then test each against the opponent's best forcing reply. Apply this instruction: Cover likely structures and main deviations before investing in a narrow forcing line.

WHY IT IS LOGICALLY TRUE

Robust preparation survives surprises and yields more usable positions. A short routine converts understanding into an action that survives clock pressure.

USE IT WHEN

Use the routine when these conditions appear: Use before events and unknown opponents.

BOUNDARY / FAILURE MODE

Do not execute the routine mechanically if the position is forced. A known specialist may justify targeted depth.

QUESTION AT THE BOARD

What preparation remains useful after an early deviation?

PRACTICAL DRILL

During one slow game, mark each moment this module appears. Record your candidates, the best reply you tested, and the endpoint you preferred.

MEMORY HOOK | Question -> candidates -> best reply -> endpoint.

ADVICE 0954 | MODULE 01 OF 10 | EXCEPTIONS

Prepare Broadly Before Preparing Deeply - Know When to Break It

COACH'S INSTRUCTION

Treat the advice as conditional, not as a commandment. Its main boundary is: A known specialist may justify targeted depth.

WHY IT IS LOGICALLY TRUE

Good principles compress experience, but concrete geometry decides the move. Robust preparation survives surprises and yields more usable positions.

USE IT WHEN

Use the normal rule under these conditions: Use before events and unknown opponents. Break it only when a calculated variation or clear contextual fact justifies the exception.

BOUNDARY / FAILURE MODE

An exception is not a feeling. State the tactical line, timing fact, or resulting position that makes the normal advice inferior.

QUESTION AT THE BOARD

What exact feature would justify breaking this advice here?

PRACTICAL DRILL

Exception drill: Build a one-page structure map before adding concrete branches. Then create or find one contrasting position where the normal advice fails, and explain why.

MEMORY HOOK | Principles guide attention; concrete chess decides.

ADVICE 0955 | MODULE 01 OF 10 | TRAINING

Prepare Broadly Before Preparing Deeply - Make It Automatic

COACH'S INSTRUCTION

Turn this instruction into a retrievable habit: Cover likely structures and main deviations before investing in a narrow forcing line.

WHY IT IS LOGICALLY TRUE

Robust preparation survives surprises and yields more usable positions. Spaced recall and position practice make the idea available during a real game instead of merely familiar on the page.

USE IT WHEN

Train first without a clock, then with a generous limit, and finally inside slow games where the theme is not announced.

BOUNDARY / FAILURE MODE

Accuracy comes before speed. Also preserve the idea's boundary: A known specialist may justify targeted depth.

QUESTION AT THE BOARD

What preparation remains useful after an early deviation?

PRACTICAL DRILL

Build a one-page structure map before adding concrete branches. Retest the same skill after 1, 3, 7, 14, and 30 days; require both the move and the explanation.

MEMORY HOOK | What you retrieve is what you can use.

FIVE-PART MODULE | ADVICE 0956-0960

Use an Opening Warm-Up, Not a Cram

CORE INSTRUCTION

Retrieve key positions and plans briefly before play, then stop.

WHY IT WORKS

Light activation improves access; last-minute overload increases anxiety and confusion.

RECOGNITION CUES

Use on game day.

BOUNDARY

Repairing one urgent trap may be necessary.

NEXT: five separate lessons turn this idea into an over-the-board habit.

ADVICE 0956 | MODULE 02 OF 10 | CORE ADVICE

Use an Opening Warm-Up, Not a Cram - The Rule

COACH'S INSTRUCTION

Retrieve key positions and plans briefly before play, then stop.

WHY IT IS LOGICALLY TRUE

Light activation improves access; last-minute overload increases anxiety and confusion.

USE IT WHEN

Use on game day.

BOUNDARY / FAILURE MODE

Repairing one urgent trap may be necessary.

QUESTION AT THE BOARD

Am I activating knowledge or trying to acquire it now?

PRACTICAL DRILL

Limit warm-up to ten key positions and one tactical set.

MEMORY HOOK | Name the reason before trusting the rule.

ADVICE 0957 | MODULE 02 OF 10 | RECOGNITION

Use an Opening Warm-Up, Not a Cram - How to Notice It

COACH'S INSTRUCTION

Look for this trigger cluster before choosing a move: Use on game day.

WHY IT IS LOGICALLY TRUE

Light activation improves access; last-minute overload increases anxiety and confusion. Recognition is the gateway: advice noticed only after the game cannot guide the decision.

USE IT WHEN

Run the cue scan after the opponent's move and again when your evaluation changes or no candidate feels convincing.

BOUNDARY / FAILURE MODE

A cue starts an investigation; it does not prove a move. Repairing one urgent trap may be necessary.

QUESTION AT THE BOARD

Am I activating knowledge or trying to acquire it now?

PRACTICAL DRILL

Recognition drill: Limit warm-up to ten key positions and one tactical set. Name the cue before calculating the answer.

MEMORY HOOK | Cue first; candidate second; proof last.

ADVICE 0958 | MODULE 02 OF 10 | BOARD USE

Use an Opening Warm-Up, Not a Cram - Use It at the Board

COACH'S INSTRUCTION

Use a three-step board routine: ask 'Am I activating knowledge or trying to acquire it now?' Generate two serious candidates, then test each against the opponent's best forcing reply. Apply this instruction: Retrieve key positions and plans briefly before play, then stop.

WHY IT IS LOGICALLY TRUE

Light activation improves access; last-minute overload increases anxiety and confusion. A short routine converts understanding into an action that survives clock pressure.

USE IT WHEN

Use the routine when these conditions appear: Use on game day.

BOUNDARY / FAILURE MODE

Do not execute the routine mechanically if the position is forced. Repairing one urgent trap may be necessary.

QUESTION AT THE BOARD

Am I activating knowledge or trying to acquire it now?

PRACTICAL DRILL

During one slow game, mark each moment this module appears. Record your candidates, the best reply you tested, and the endpoint you preferred.

MEMORY HOOK | Question -> candidates -> best reply -> endpoint.

ADVICE 0959 | MODULE 02 OF 10 | EXCEPTIONS

Use an Opening Warm-Up, Not a Cram - Know When to Break It

COACH'S INSTRUCTION

Treat the advice as conditional, not as a commandment. Its main boundary is: Repairing one urgent trap may be necessary.

WHY IT IS LOGICALLY TRUE

Good principles compress experience, but concrete geometry decides the move. Light activation improves access; last-minute overload increases anxiety and confusion.

USE IT WHEN

Use the normal rule under these conditions: Use on game day. Break it only when a calculated variation or clear contextual fact justifies the exception.

BOUNDARY / FAILURE MODE

An exception is not a feeling. State the tactical line, timing fact, or resulting position that makes the normal advice inferior.

QUESTION AT THE BOARD

What exact feature would justify breaking this advice here?

PRACTICAL DRILL

Exception drill: Limit warm-up to ten key positions and one tactical set. Then create or find one contrasting position where the normal advice fails, and explain why.

MEMORY HOOK | Principles guide attention; concrete chess decides.

ADVICE 0960 | MODULE 02 OF 10 | TRAINING

Use an Opening Warm-Up, Not a Cram - Make It Automatic

COACH'S INSTRUCTION

Turn this instruction into a retrievable habit: Retrieve key positions and plans briefly before play, then stop.

WHY IT IS LOGICALLY TRUE

Light activation improves access; last-minute overload increases anxiety and confusion. Spaced recall and position practice make the idea available during a real game instead of merely familiar on the page.

USE IT WHEN

Train first without a clock, then with a generous limit, and finally inside slow games where the theme is not announced.

BOUNDARY / FAILURE MODE

Accuracy comes before speed. Also preserve the idea's boundary: Repairing one urgent trap may be necessary.

QUESTION AT THE BOARD

Am I activating knowledge or trying to acquire it now?

PRACTICAL DRILL

Limit warm-up to ten key positions and one tactical set. Retest the same skill after 1, 3, 7, 14, and 30 days; require both the move and the explanation.

MEMORY HOOK | What you retrieve is what you can use.

FIVE-PART MODULE | ADVICE 0961-0965

Create a Pre-Move Routine

CORE INSTRUCTION

Use the same threat, candidate, calculation, evaluation, and verification sequence in every serious game.

WHY IT WORKS

Consistency reduces errors caused by mood and opponent strength.

RECOGNITION CUES

Use from the first move.

BOUNDARY

Forced moves compress the sequence but do not erase safety.

NEXT: five separate lessons turn this idea into an over-the-board habit.

ADVICE 0961 | MODULE 03 OF 10 | CORE ADVICE

Create a Pre-Move Routine - The Rule

COACH'S INSTRUCTION

Use the same threat, candidate, calculation, evaluation, and verification sequence in every serious game.

WHY IT IS LOGICALLY TRUE

Consistency reduces errors caused by mood and opponent strength.

USE IT WHEN

Use from the first move.

BOUNDARY / FAILURE MODE

Forced moves compress the sequence but do not erase safety.

QUESTION AT THE BOARD

Which step am I on right now?

PRACTICAL DRILL

Rehearse the routine in twenty training games with a visible card.

MEMORY HOOK | Name the reason before trusting the rule.

ADVICE 0962 | MODULE 03 OF 10 | RECOGNITION

Create a Pre-Move Routine - How to Notice It

COACH'S INSTRUCTION

Look for this trigger cluster before choosing a move: Use from the first move.

WHY IT IS LOGICALLY TRUE

Consistency reduces errors caused by mood and opponent strength. Recognition is the gateway: advice noticed only after the game cannot guide the decision.

USE IT WHEN

Run the cue scan after the opponent's move and again when your evaluation changes or no candidate feels convincing.

BOUNDARY / FAILURE MODE

A cue starts an investigation; it does not prove a move. Forced moves compress the sequence but do not erase safety.

QUESTION AT THE BOARD

Which step am I on right now?

PRACTICAL DRILL

Recognition drill: Rehearse the routine in twenty training games with a visible card. Name the cue before calculating the answer.

MEMORY HOOK | Cue first; candidate second; proof last.

ADVICE 0963 | MODULE 03 OF 10 | BOARD USE

Create a Pre-Move Routine - Use It at the Board

COACH'S INSTRUCTION

Use a three-step board routine: ask 'Which step am I on right now?' Generate two serious candidates, then test each against the opponent's best forcing reply. Apply this instruction: Use the same threat, candidate, calculation, evaluation, and verification sequence in every serious game.

WHY IT IS LOGICALLY TRUE

Consistency reduces errors caused by mood and opponent strength. A short routine converts understanding into an action that survives clock pressure.

USE IT WHEN

Use the routine when these conditions appear: Use from the first move.

BOUNDARY / FAILURE MODE

Do not execute the routine mechanically if the position is forced. Forced moves compress the sequence but do not erase safety.

QUESTION AT THE BOARD

Which step am I on right now?

PRACTICAL DRILL

During one slow game, mark each moment this module appears. Record your candidates, the best reply you tested, and the endpoint you preferred.

MEMORY HOOK | Question -> candidates -> best reply -> endpoint.

ADVICE 0964 | MODULE 03 OF 10 | EXCEPTIONS

Create a Pre-Move Routine - Know When to Break It

COACH'S INSTRUCTION

Treat the advice as conditional, not as a commandment. Its main boundary is: Forced moves compress the sequence but do not erase safety.

WHY IT IS LOGICALLY TRUE

Good principles compress experience, but concrete geometry decides the move. Consistency reduces errors caused by mood and opponent strength.

USE IT WHEN

Use the normal rule under these conditions: Use from the first move. Break it only when a calculated variation or clear contextual fact justifies the exception.

PRACTICAL DRILL

Rehearse the routine in twenty training games with a visible card. Retest the same skill after 1, 3, 7, 14, and 30 days; require both the move and the explanation.

MEMORY HOOK | What you retrieve is what you can use.

FIVE-PART MODULE | ADVICE 0966-0970

Manage Energy Between Rounds

CORE INSTRUCTION

Eat, hydrate, move, and rest in ways that preserve concentration.

WHY IT WORKS

Chess performance depends on sustained attention, not only knowledge.

RECOGNITION CUES

Use during multi-round events.

BOUNDARY

Individual health needs differ; choose safe routines that suit you.

NEXT: five separate lessons turn this idea into an over-the-board habit.

ADVICE 0966 | MODULE 04 OF 10 | CORE ADVICE

Manage Energy Between Rounds - The Rule

COACH'S INSTRUCTION

Eat, hydrate, move, and rest in ways that preserve concentration.

WHY IT IS LOGICALLY TRUE

Chess performance depends on sustained attention, not only knowledge.

USE IT WHEN

Use during multi-round events.

BOUNDARY / FAILURE MODE

Individual health needs differ; choose safe routines that suit you.

QUESTION AT THE BOARD

What will help the next round rather than prolong the last one?

PRACTICAL DRILL

Write a simple between-round checklist and test it in practice events.

MEMORY HOOK | Name the reason before trusting the rule.

ADVICE 0967 | MODULE 04 OF 10 | RECOGNITION

Manage Energy Between Rounds - How to Notice It

COACH'S INSTRUCTION

Look for this trigger cluster before choosing a move: Use during multi-round events.

WHY IT IS LOGICALLY TRUE

Chess performance depends on sustained attention, not only knowledge. Recognition is the gateway: advice noticed only after the game cannot guide the decision.

USE IT WHEN

Run the cue scan after the opponent's move and again when your evaluation changes or no candidate feels convincing.

BOUNDARY / FAILURE MODE

A cue starts an investigation; it does not prove a move. Individual health needs differ; choose safe routines that suit you.

QUESTION AT THE BOARD

What will help the next round rather than prolong the last one?

PRACTICAL DRILL

Recognition drill: Write a simple between-round checklist and test it in practice events. Name the cue before calculating the answer.

MEMORY HOOK | Cue first; candidate second; proof last.

ADVICE 0968 | MODULE 04 OF 10 | BOARD USE

Manage Energy Between Rounds - Use It at the Board

COACH'S INSTRUCTION

Use a three-step board routine: ask 'What will help the next round rather than prolong the last one?' Generate two serious candidates, then test each against the opponent's best forcing reply. Apply this instruction: Eat, hydrate, move, and rest in ways that preserve concentration.

PRACTICAL DRILL

Write a simple between-round checklist and test it in practice events. Retest the same skill after 1, 3, 7, 14, and 30 days; require both the move and the explanation.

MEMORY HOOK | What you retrieve is what you can use.

FIVE-PART MODULE | ADVICE 0971-0975

Choose Risk by Position and Event

CORE INSTRUCTION

Adjust practical risk to score needs only among moves that remain chessically defensible.

WHY IT WORKS

Tournament context changes the value of draw and win outcomes, not tactical truth.

RECOGNITION CUES

Use late in events and team situations.

BOUNDARY

Do not force complications from a position that offers none.

NEXT: five separate lessons turn this idea into an over-the-board habit.

ADVICE 0971 | MODULE 05 OF 10 | CORE ADVICE

Choose Risk by Position and Event - The Rule

COACH'S INSTRUCTION

Adjust practical risk to score needs only among moves that remain chessically defensible.

WHY IT IS LOGICALLY TRUE

Tournament context changes the value of draw and win outcomes, not tactical truth.

USE IT WHEN

Use late in events and team situations.

BOUNDARY / FAILURE MODE

Do not force complications from a position that offers none.

QUESTION AT THE BOARD

What result matters, and what risks are actually justified on the board?

PRACTICAL DRILL

Analyze three equal positions under must-win, normal, and draw-sufficient scenarios.

MEMORY HOOK | Name the reason before trusting the rule.

ADVICE 0972 | MODULE 05 OF 10 | RECOGNITION

Choose Risk by Position and Event - How to Notice It

COACH'S INSTRUCTION

Look for this trigger cluster before choosing a move: Use late in events and team situations.

WHY IT IS LOGICALLY TRUE

Tournament context changes the value of draw and win outcomes, not tactical truth. Recognition is the gateway: advice noticed only after the game cannot guide the decision.

USE IT WHEN

Run the cue scan after the opponent's move and again when your evaluation changes or no candidate feels convincing.

BOUNDARY / FAILURE MODE

A cue starts an investigation; it does not prove a move. Do not force complications from a position that offers none.

QUESTION AT THE BOARD

What result matters, and what risks are actually justified on the board?

PRACTICAL DRILL

Recognition drill: Analyze three equal positions under must-win, normal, and draw-sufficient scenarios. Name the cue before calculating the answer.

MEMORY HOOK | Cue first; candidate second; proof last.

ADVICE 0973 | MODULE 05 OF 10 | BOARD USE

Choose Risk by Position and Event - Use It at the Board

COACH'S INSTRUCTION

Use a three-step board routine: ask 'What result matters, and what risks are actually justified on the board?' Generate two serious candidates, then test each against the opponent's best forcing reply. Apply this instruction: Adjust practical risk to score needs only among moves that remain chessically defensible.

WHY IT IS LOGICALLY TRUE

Tournament context changes the value of draw and win outcomes, not tactical truth. A short routine converts understanding into an action that survives clock pressure.

USE IT WHEN

Use the routine when these conditions appear: Use late in events and team situations.

BOUNDARY / FAILURE MODE

Do not execute the routine mechanically if the position is forced. Do not force complications from a position that offers none.

Analyze three equal positions under must-win, normal, and draw-sufficient scenarios. Retest the same skill after 1, 3, 7, 14, and 30 days; require both the move and the explanation.

MEMORY HOOK | What you retrieve is what you can use.

FIVE-PART MODULE | ADVICE 0976-0980

Build a Personal Opening File

CORE INSTRUCTION

Keep only key positions, explanations, model games, and repairs from your own experience.

WHY IT WORKS

A living file turns scattered study into a connected system.

RECOGNITION CUES

Use after every serious opening surprise.

BOUNDARY

Avoid letting the file become an unreadable database dump.

NEXT: five separate lessons turn this idea into an over-the-board habit.

ADVICE 0976 | MODULE 06 OF 10 | CORE ADVICE

Build a Personal Opening File - The Rule

COACH'S INSTRUCTION

Keep only key positions, explanations, model games, and repairs from your own experience.

WHY IT IS LOGICALLY TRUE

A living file turns scattered study into a connected system.

USE IT WHEN

Use after every serious opening surprise.

BOUNDARY / FAILURE MODE

Avoid letting the file become an unreadable database dump.

QUESTION AT THE BOARD

What one addition would have helped in this game?

PRACTICAL DRILL

Add no more than three annotated positions after each event.

MEMORY HOOK | Name the reason before trusting the rule.

ADVICE 0977 | MODULE 06 OF 10 | RECOGNITION

Build a Personal Opening File - How to Notice It

COACH'S INSTRUCTION

Look for this trigger cluster before choosing a move: Use after every serious opening surprise.

WHY IT IS LOGICALLY TRUE

A living file turns scattered study into a connected system. Recognition is the gateway: advice noticed only after the game cannot guide the decision.

USE IT WHEN

Run the cue scan after the opponent's move and again when your evaluation changes or no candidate feels convincing.

BOUNDARY / FAILURE MODE

A cue starts an investigation; it does not prove a move. Avoid letting the file become an unreadable database dump.

QUESTION AT THE BOARD

What one addition would have helped in this game?

PRACTICAL DRILL

Recognition drill: Add no more than three annotated positions after each event. Name the cue before calculating the answer.

MEMORY HOOK | Cue first; candidate second; proof last.

ADVICE 0978 | MODULE 06 OF 10 | BOARD USE

Build a Personal Opening File - Use It at the Board

COACH'S INSTRUCTION

Use a three-step board routine: ask 'What one addition would have helped in this game?' Generate two serious candidates, then test each against the opponent's best forcing reply. Apply this instruction: Keep only key positions, explanations, model games, and repairs from your own experience.

WHY IT IS LOGICALLY TRUE

A living file turns scattered study into a connected system. A short routine converts understanding into an action that survives clock pressure.

What exact feature would justify breaking this advice here?

PRACTICAL DRILL

Exception drill: Add no more than three annotated positions after each event. Then create or find one contrasting position where the normal advice fails, and explain why.

MEMORY HOOK | Principles guide attention; concrete chess decides.

ADVICE 0980 | MODULE 06 OF 10 | TRAINING

Build a Personal Opening File - Make It Automatic

COACH'S INSTRUCTION

Turn this instruction into a retrievable habit: Keep only key positions, explanations, model games, and repairs from your own experience.

WHY IT IS LOGICALLY TRUE

A living file turns scattered study into a connected system. Spaced recall and position practice make the idea available during a real game instead of merely familiar on the page.

USE IT WHEN

Train first without a clock, then with a generous limit, and finally inside slow games where the theme is not announced.

BOUNDARY / FAILURE MODE

Accuracy comes before speed. Also preserve the idea's boundary: Avoid letting the file become an unreadable database dump.

QUESTION AT THE BOARD

What one addition would have helped in this game?

PRACTICAL DRILL

Add no more than three annotated positions after each event. Retest the same skill after 1, 3, 7, 14, and 30 days; require both the move and the explanation.

MEMORY HOOK | What you retrieve is what you can use.

FIVE-PART MODULE | ADVICE 0981-0985

Use Questions as an Inner Coach

CORE INSTRUCTION

Carry a compact set of prompts for threats, candidates, worst piece, breaks, and endpoint evaluation.

WHY IT WORKS

Questions recreate useful coaching attention when no coach is present.

RECOGNITION CUES

Use whenever you feel lost.

BOUNDARY

Too many questions can slow play; choose the one matching the position.

NEXT: five separate lessons turn this idea into an over-the-board habit.

ADVICE 0981 | MODULE 07 OF 10 | CORE ADVICE

Use Questions as an Inner Coach - The Rule

COACH'S INSTRUCTION

Carry a compact set of prompts for threats, candidates, worst piece, breaks, and endpoint evaluation.

WHY IT IS LOGICALLY TRUE

Questions recreate useful coaching attention when no coach is present.

USE IT WHEN

Use whenever you feel lost.

BOUNDARY / FAILURE MODE

Too many questions can slow play; choose the one matching the position.

QUESTION AT THE BOARD

Which single question unlocks this position?

PRACTICAL DRILL

Memorize five prompts and tag each analyzed error with the missing one.

MEMORY HOOK | Name the reason before trusting the rule.

ADVICE 0982 | MODULE 07 OF 10 | RECOGNITION

Use Questions as an Inner Coach - How to Notice It

COACH'S INSTRUCTION

Look for this trigger cluster before choosing a move: Use whenever you feel lost.

WHY IT IS LOGICALLY TRUE

Questions recreate useful coaching attention when no coach is present. Recognition is the gateway: advice noticed only after the game cannot guide the decision.

USE IT WHEN

Run the cue scan after the opponent's move and again when your evaluation changes or no candidate feels convincing.

BOUNDARY / FAILURE MODE

A cue starts an investigation; it does not prove a move. Too many questions can slow play; choose the one matching the position.

QUESTION AT THE BOARD

Which single question unlocks this position?

PRACTICAL DRILL

Recognition drill: Memorize five prompts and tag each analyzed error with the missing one. Name the cue before calculating the answer.

MEMORY HOOK | Cue first; candidate second; proof last.

ADVICE 0983 | MODULE 07 OF 10 | BOARD USE

Use Questions as an Inner Coach - Use It at the Board

COACH'S INSTRUCTION

Use a three-step board routine: ask 'Which single question unlocks this position?' Generate two serious candidates, then test each against the opponent's best forcing reply. Apply this instruction: Carry a compact set of prompts for threats, candidates, worst piece, breaks, and endpoint evaluation.

WHY IT IS LOGICALLY TRUE

Questions recreate useful coaching attention when no coach is present. A short routine converts understanding into an action that survives clock pressure.

USE IT WHEN

Use the routine when these conditions appear: Use whenever you feel lost.

BOUNDARY / FAILURE MODE

Do not execute the routine mechanically if the position is forced. Too many questions can slow play; choose the one matching the position.

QUESTION AT THE BOARD

Which single question unlocks this position?

PRACTICAL DRILL

During one slow game, mark each moment this module appears. Record your candidates, the best reply you tested, and the endpoint you preferred.

MEMORY HOOK | Question -> candidates -> best reply -> endpoint.

ADVICE 0984 | MODULE 07 OF 10 | EXCEPTIONS

Use Questions as an Inner Coach - Know When to Break It

COACH'S INSTRUCTION

Treat the advice as conditional, not as a commandment. Its main boundary is: Too many questions can slow play; choose the one matching the position.

WHY IT IS LOGICALLY TRUE

Good principles compress experience, but concrete geometry decides the move. Questions recreate useful coaching attention when no coach is present.

USE IT WHEN

Use the normal rule under these conditions: Use whenever you feel lost. Break it only when a calculated variation or clear contextual fact justifies the exception.

BOUNDARY / FAILURE MODE

An exception is not a feeling. State the tactical line, timing fact, or resulting position that makes the normal advice inferior.

QUESTION AT THE BOARD

What exact feature would justify breaking this advice here?

PRACTICAL DRILL

Exception drill: Memorize five prompts and tag each analyzed error with the missing one. Then create or find one contrasting position where the normal advice fails, and explain why.

MEMORY HOOK | Principles guide attention; concrete chess decides.

ADVICE 0985 | MODULE 07 OF 10 | TRAINING

Use Questions as an Inner Coach - Make It Automatic

COACH'S INSTRUCTION

Turn this instruction into a retrievable habit: Carry a compact set of prompts for threats, candidates, worst piece, breaks, and endpoint evaluation.

WHY IT IS LOGICALLY TRUE

Questions recreate useful coaching attention when no coach is present. Spaced recall and position practice make the idea available during a real game instead of merely familiar on the page.

USE IT WHEN

Train first without a clock, then with a generous limit, and finally inside slow games where the theme is not announced.

MEMORY HOOK | What you retrieve is what you can use.

FIVE-PART MODULE | ADVICE 0986-0990

Study Your Best Games Too

CORE INSTRUCTION

Identify strengths, reliable structures, and decisions you made well.

WHY IT WORKS

Improvement includes reproducing success, not only repairing failure.

RECOGNITION CUES

Use in monthly reviews.

BOUNDARY

Do not confuse opponent mistakes with your strengths.

NEXT: five separate lessons turn this idea into an over-the-board habit.

ADVICE 0986 | MODULE 08 OF 10 | CORE ADVICE

Study Your Best Games Too - The Rule

COACH'S INSTRUCTION

Identify strengths, reliable structures, and decisions you made well.

WHY IT IS LOGICALLY TRUE

Improvement includes reproducing success, not only repairing failure.

USE IT WHEN

Use in monthly reviews.

BOUNDARY / FAILURE MODE

Do not confuse opponent mistakes with your strengths.

QUESTION AT THE BOARD

What process or pattern should I deliberately repeat?

PRACTICAL DRILL

Build a "keep doing" list from ten best-played games.

MEMORY HOOK | Name the reason before trusting the rule.

Study Your Best Games Too - How to Notice It

COACH'S INSTRUCTION

Look for this trigger cluster before choosing a move: Use in monthly reviews.

WHY IT IS LOGICALLY TRUE

Improvement includes reproducing success, not only repairing failure. Recognition is the gateway: advice noticed only after the game cannot guide the decision.

USE IT WHEN

Run the cue scan after the opponent's move and again when your evaluation changes or no candidate feels convincing.

BOUNDARY / FAILURE MODE

A cue starts an investigation; it does not prove a move. Do not confuse opponent mistakes with your strengths.

QUESTION AT THE BOARD

What process or pattern should I deliberately repeat?

FIVE-PART MODULE | ADVICE 0991-0995

Update Goals from Evidence

CORE INSTRUCTION

Change the training plan when game data shows a different bottleneck or genuine progress.

WHY IT WORKS

Fixed plans become stale; evidence keeps effort aligned with need.

RECOGNITION CUES

Use every four to six weeks.

BOUNDARY

Do not pivot after one emotional game.

NEXT: five separate lessons turn this idea into an over-the-board habit.

ADVICE 0991 | MODULE 09 OF 10 | CORE ADVICE

Update Goals from Evidence - The Rule

COACH'S INSTRUCTION

Change the training plan when game data shows a different bottleneck or genuine progress.

WHY IT IS LOGICALLY TRUE

Fixed plans become stale; evidence keeps effort aligned with need.

USE IT WHEN

Use every four to six weeks.

BOUNDARY / FAILURE MODE

Do not pivot after one emotional game.

QUESTION AT THE BOARD

What has the latest sample actually demonstrated?

PRACTICAL DRILL

Review at least ten games before changing the main training priority.

MEMORY HOOK | Name the reason before trusting the rule.

ADVICE 0992 | MODULE 09 OF 10 | RECOGNITION

Update Goals from Evidence - How to Notice It

COACH'S INSTRUCTION

Look for this trigger cluster before choosing a move: Use every four to six weeks.

WHY IT IS LOGICALLY TRUE

Fixed plans become stale; evidence keeps effort aligned with need. Recognition is the gateway: advice noticed only after the game cannot guide the decision.

USE IT WHEN

Run the cue scan after the opponent's move and again when your evaluation changes or no candidate feels convincing.

BOUNDARY / FAILURE MODE

A cue starts an investigation; it does not prove a move. Do not pivot after one emotional game.

QUESTION AT THE BOARD

What has the latest sample actually demonstrated?

FIVE-PART MODULE | ADVICE 0996-1000

Think in Years, Train Today

CORE INSTRUCTION

Hold long-term ambitions while defining one concrete task for the current session.

WHY IT WORKS

Skill compounds through repeated high-quality decisions, not occasional heroic study.

RECOGNITION CUES

Use throughout the improvement journey.

BOUNDARY

Urgent event preparation may temporarily narrow focus.

NEXT: five separate lessons turn this idea into an over-the-board habit.

ADVICE 0996 | MODULE 10 OF 10 | CORE ADVICE

Think in Years, Train Today - The Rule

COACH'S INSTRUCTION

Hold long-term ambitions while defining one concrete task for the current session.

WHY IT IS LOGICALLY TRUE

Skill compounds through repeated high-quality decisions, not occasional heroic study.

USE IT WHEN

Use throughout the improvement journey.

BOUNDARY / FAILURE MODE

Urgent event preparation may temporarily narrow focus.

QUESTION AT THE BOARD

What small action today contributes to the player I want to become?

PRACTICAL DRILL

End every week by scheduling the next three specific sessions.

MEMORY HOOK | Name the reason before trusting the rule.

ADVICE 0997 | MODULE 10 OF 10 | RECOGNITION

Think in Years, Train Today - How to Notice It

PRACTICAL DRILL

End every week by scheduling the next three specific sessions. Retest the same skill after 1, 3, 7, 14, and 30 days; require both the move and the explanation.

MEMORY HOOK | What you retrieve is what you can use.

RETRIEVAL TEST

Can you coach yourself through all ten modules?

01 Prepare Broadly Before Preparing Deeply

What preparation remains useful after an early deviation?

02 Use an Opening Warm-Up, Not a Cram

Am I activating knowledge or trying to acquire it now?

03 Create a Pre-Move Routine

Which step am I on right now?

04 Manage Energy Between Rounds

What will help the next round rather than prolong the last one?

05 Choose Risk by Position and Event

What result matters, and what risks are actually justified on the board?

06 Build a Personal Opening File

What one addition would have helped in this game?

07 Use Questions as an Inner Coach

Which single question unlocks this position?

08 Study Your Best Games Too

What process or pattern should I deliberately repeat?

09 Update Goals from Evidence

What has the latest sample actually demonstrated?

10 Think in Years, Train Today

What small action today contributes to the player I want to become?

Pass standard: state the core advice, explain the causal reason, name one exception, and apply the board question to a fresh position.
